Colegio Biblico • October 2010 • Eagle Pass, TX

## From the President

President  
Jorge E. Mercado

The fall semester has barely begun and we have already endured a time of trial. The computer that holds all our accounts receivable software and data crashed losing all of our files. During the month of September we had to purchase a new computer, reinstall the software and contact a very specialized data recovery company. After many hours of research, communication with the software and the data recovery companies, work on the computer, and plenty of prayer, we were able to recover our database up until the beginning of June 2010. The latest information is now being entered manually. The new computer cost \$1,030 and the data recovery was \$1,300, for a total of \$2,330 we cannot afford. I thank God for providing an answer to our problem and trust He will provide the financial resources too. If God puts it in your heart to make a special donation for this cause, it would be a tremendous help and greatly appreciated. I thank you for your continued support of Colegio's ministry and offer my apologies for the delay in sending your receipt letters. I ask for your patience as we bring our system up to date.

In Christ's service,  
Jorge E. Mercado

## Fiesta Mexicana

On September 17, Colegio Biblico faculty and staff met with Mexico Campus students for a time of fellowship. This September 16th marked the 200 anniversary of Mexico's independence. Students organized an evening with games and music while faculty and staff prepared traditional Mexican dishes for everyone to enjoy. On October 15, staff will have a time of sharing with Eagle Pass Campus students.
